

Here is the story, in words, photographs, and drawings, of a two-and-a-half-year expedition to the south coast of Australia. The Cousteau team-including scientists, divers, cameramen, and sailors-studied the behavior and biology of the much-feared but little-known great white shark. Myths and lore about the great white are dispelled, leaving an indelible image of a powerful predator of the seas. 125 illustrations in full color, 9 x 11 3/4
