

Did you know that you are as close as a phone call away from participating in the phenomenal sales growth enjoyed by companies such as Nortel Networks, Wal-Mart, and GE, and by major national banks? Are you aware that you can invest in any of hundreds of North American and foreign blue-chip companies without the aid of brokers, and without paying the hefty commission fees they charge? Fee-Free Investing takes the mystery out of stocks and bonds for the individual investor. Part helpful investment guide, part blue-chip directory, it walks you through the steps of investing directly in blue-chip stocks and U.S. Treasury bonds. You'll discover how the money you would otherwise pay a broker translates into greater returns on your investment. The directory lists more than 450 North American and foreign blue-chip companies and their simple investment plans. Amazingly, you can start investing in some of these companies with as little as \$100! Easy to follow and clearly written, Fee-Free Investing shows both the novice and the more experienced investor how to save hundreds, even thousands of dollars over the life of their investment.
