

The first comprehensive treatment of World War II S-boats to be published in English, this book provides operational details of the German schnellboot, or motor torpedo boat, in all theaters where they were deployed during the war. With the help of a multitude of maps, photographs, and drawings, Frank chronicles every incident that involved the 53-knot fast attack craft. The author examines the S-boats effectiveness as an integral part of the German military objectives of the time. This study of the schnellboots successes and failures offers a first-class account of the surface warship that carried the offensive to the enemy longer than any other.

CBS Quick Medical Examination Review Series: Anaesthesia, Bigfoot (Great Mysteries), Swarm Intelligence and Fuzzy Systems (Computer Science, Technology and Applications), Patchwork, Quilting & Applique, Acton: A History (None), Data Networks,
