

One part memoir, one part political platform, the bass player of Nirvanaâ€™the most heralded and influential rock band of the past 20 yearsâ€™tells the story of his own musical and political coming-of-age. From his relationship to Kurt Cobain to his evolution as a political activist, Novoselicâ€™s passion, intelligence and integrity come shining through in this moving and inspirational book. Though Krist Novoselic will undoubtedly be forever best known as a member of Nirvana, his accomplishments go far beyond that remarkable achievement. Nirvana was a band with a conscience, and as a major label act they regularly played benefitsâ€™the first Rock For Choice show, a major concert in support of gay rights, and a legendary gig that raised money for the Balkan Womenâ€™s Aid Fund. In 1995, Novoselic founded JAMPAC (Joint Artists and Music Promotions Political Action Committee), a proactive organization that advocated on behalf of Washington stateâ€™s music community. Novoselicâ€™s work with JAMPAC helped Seattle club owners find ways to host all-ages shows and was instrumental in helping to overturn the infamous Teen Dance Ordinance. And sometimes making music and making a statement go hand in hand, as when Novoselic, Soundgardenâ€™s Kim Thayil and drummer Gina Mainwal backed Jello Biafra as the â€™No W.T.O. Comboâ€™ at a show performed during the World Trade Organization conference held in Seattle in 1999. There have been other musical endeavors since Nirvana, as well as new causes (Novoselic is a strong -supporter of electoral reform, an issue he writes about extensively on his website www.fixour.us). The one constant is Novoselicâ€™s desire to continue making progressive contributions to the communityâ€™and to keep on making good music. Krist Novoselic currently lives in Seattle, Washington.
