

ARE YOU READY? WHAT COULD YOU BE IF YOU JUST ALLOW YOURSELF TO LET GO, TRUST, AND BE IT? Two wild, wacky, whimsical women did just that! It began as a simple, short, freeform writing experience of whatever came when pen hit paper for only 30 minutes at a time. No thought to how each work would evolve, only pursuing the target of releasing what lay within without limitations. They let go of structure, form, taught learnings, "how-it-shoulds," and all the self and outward censoring blocks that previously held these works from expanding out. The result: this startling book, surprisingly simple, but powerful! It can be taken superficially, but has multiple layers of depth, if probed. May you non-judgmentally enter the journey wherever you wish, whenever you wish, and move in whatever direction you choose, and playfully have fun. Discover the magic that there is more here than meets the eye. Let your own Spirit, creativity, and child-light delight lead you to what inspires, provokes, encourages, and nourishes you. The authors found this to be the beginning for allowing "the State of Just Being" to be applied to every area of their lives. May it spark your own magical adventure to coming into your own being!
