

Excerpt from Where the Argument Led: Being an Alternative, Briefer, and Much More Probable Account of the Controversial Parts of the Dialogue Purported to Be Recorded in the Republic of Plato; With Some Further Conversation Between Sokrates and Others; Related by Glaukon, Brother of Plato This book supplies a want that has been severely felt for the last two thousand two hundred years. That want has perhaps been supplied before: it will certainly have to be supplied again; because the wanters are Poor Peter Peebleses of philosophy, and the simplifying efforts of successive Alan Fairfords are always quickly followed by ingenious prolixities from the counsel whom Peters opponents fee heavily (with praise and attention) to reintroduce all the dubieties which the Alan of the moment had removed. That the Republic of Plato will flourish for ages after the present work has been remaindered and forgotten, only illustrates what Bacon said: Time, like a river, bringing down to us things which are lighter or more inflated, lets what is more weighty and solid sink.
